cubio - Drawer divider kits

Adjustable Metal Dividers*

Galvanised steel dividers, in a wide range of sizes to suit all cubio drawers. Adjustable partitions allow individual layouts to be created, which are adaptable as requirements change.

Plastic Boxes*

Hard-wearing, plastic boxes, in a variety of size and height options. Ideal for clearly arranging and labelling small parts. Modular design allows for easy removal and reconfiguration of layout.

Plastic Troughs*

Tough trough sections; in two, three or four channel types. Ideal for storing cylindrical parts and tools. All sections are sub-dividable and may be removed and repositioned when needed.

Inlay Mats

Quality rubber matting for the drawer base, providing a softer, safer base for expensive or delicate items. Perfect for use with metal dividers, inlay mats help to reduce noise, especially in mobile applications.

***Supplied as pre-designed kits for ease of choice. Custom layouts can be created, please ask for details.**
